Yankee Remodeler

Enclosed is the check for work done at 35 Hurlbutt Rd. It was a difficult job but the skills of everyone involved, especially Tom and Calvin, made the job look much easier than it was. I would like to especially thank Harry for his support over 37 years that we lived in the house. During this time we had Yankee Remodeler replaced out 160 foot long deck, replaced the roof over our big room, replaced the flat roof twice, add 3 skylights, corrected some structural problems with the back deck, fix this latest problem resulting in mold under our big room and solve several other smaller problems. The work has always been done to perfection and the workers have always been top professionals.

While we are now in a community where the maintenance is done for us, I will continue to highly recommend Yankee Remodeler for jobs large and small.

Thank you.

  
Joe Jackson
